

Thank you for your interest in becoming a Pattern Tester for Dragonfly's Quilting Design Studio. Below you will see more information on the "gig"

*You can find the Testers Group on Facebook here: [Quilt & Block Testers Group](https://www.facebook.com/groups/170676150464497)
<https://www.facebook.com/groups/170676150464497>*

I typically look for a few testers per quilt/quilt project.

While this is meant to be a fun and informative process, I do take pattern testing seriously. This is not just an avenue for free patterns. I run a business and I strive to deliver a near perfect patterns to my customers. Unfortunately, I do not have time to hunt people down for images and feedback or reiterate things that are already noted within the test details. Please keep all this in mind when deciding to become a pattern tester for Dragonfly's Quilting Design Studio.

As a Pattern Tester, you:

- Use your own fabrics - colors may be optional based on the requirements of the test (or not)
- Would print the pattern, follow the pattern instructions and make notes/comments/suggestions while making the quilt top/quilt project.
- Provide images (and notes) - Either respond via the specific test email or within the FB Group post directly
- Provide constructive feedback

I am looking for the following items to be reviewed while you are testing & creating the quilt top/project

- Accuracy
 - Pattern as a whole
 - Diagrams
 - Quantities
 - Supply list & materials requirements
 - Measurements/sizes
- Grammar and Typos
- Constructive feedback - sense, enough detail, too much details, diagrams needed, etc.

I am open to and we need testers of all skill levels. Details are provided on each test gig, regarding skill level and basic skills required.

It is recommended that you are able to test your 1/4" seam allowance, in some cases an accurate 1/4" will be required in other cases a consistent seam allowance will be ok too.

TO TEST YOUR 1/4" SEAM

- Using scraps, cut 3 rectangles 2 1/2" wide x 6 1/2" long. Sew together on the long sides. Press & measure. The piece should measure 6 1/2" square. If it measures wider than 6 1/2" (sewn width) adjust your seam.

If you change your mind and decide that this volunteer pattern tester gig is not suited for you, no problem, no hard feelings, please just shoot me an email (Kathryn@dragonflyquiltshop.com) and I will remove you from this list.
